## Travel around the Eight Scenic Spots of Shiretoko

The Eight Scenic Spots of Shiretoko concern the eight picturesque places in Shiretoko that have been chosen among the various beautiful views by the public. The stunning views like pristine forests, dynamic falls and steep cliffs are all places where visitors can experience mysterious Shiretoko from close up. Please take it leisurely and keep those impressions in your heart.

\*Some places may not be accessible depending on the season, such as the winter.

### 3 Yuhidai Scenic Viewpoint

MAP P26-D2

Various sunset views like the sea dyed vermilion by the sunlight from spring to autumn and the scenery of drift ice glowing gold in the light in winter are all inspiring.

Approx. 15 min. on foot from Utoro Onsen Bus Terminal

## 1 Oshinkoshin Falls

MAP P26-D3

Cool, refreshing falls falling from the top of a cliff. They are called "beautiful twin falls" since one stream is divided in two falls, and this scene has been selected as one of the 100 Best Falls in Japan. One can get close enough to the falls to almost get wet while climbing the steps that lead up to the height of the middle area of the falls. It is a splendid experience. In winter, the view of white sea covered with drift ice as far as the eye can see is also really impressive.

🚶 Approx. 36 min. by bus from Shari Bus Terminal to Utoro Onsen (Hot Springs)

## 2 Oronkoiwa Rock

MAP P26-D2

It is a huge massive rock that is over 60 m high, and is located near the Utoro Port. It is said to be named after the Orok (Uilta) tribe, one of the indigenous peoples who used to live here. After climbing to the top of the rock along 170 stone steps, one has a panoramic view of the blue, transparent sea of Okhotsk through which one can see the reefs under the sea, all the way to Utoro town and the Shiretoko Mountain Range.

🚶 Approx. 5 min. on foot from Utoro Onsen Bus Terminal to Utoro Port
